Serbia:

Following PCS Regulatory update in June 2012 concerning the rules on radio and telecommunication equipment, the Republic Agency for Electronic Communications (RATEL) have advised the following:

Approval Certificates issued under previous regulations remain valid until 31st May 2015.

The new regulations concerning RATEL Type Approval process apply to new equipment only. However, if any manufacturer wishes to continue placing products on the Serbian market which were Approved under the previous regulations, it will be mandatory to apply for Approval again in accordance with the new regulations.

Applications must be submitted at least 60 days prior to 31st May 2015.
